G.A. SYSTEMS, Inc.

Counter Display Rack

Project: _____
 Item #: _____
 Model #: _____

Our Counter Display Rack comes with a 3 tier design with angled shelves. Simply place this rack on your counter top to showcase your fresh produce, healthy chips and cookies. The angled shelves clearly display the products and grabs your customers attention, which leads to increased sales. Place it on a self serve station or near your checkout to give your customers easy access to whatever merchandise you chose to display and to drive impulse purchases.

SPECIFICATIONS

G.A. Systems Counter Display Rack is constructed from 16 gauge electro galvanized steel and has a powder coated finish.

The Counter Display Rack holds three (3) 13" x 20" wire baskets; model # B13202 or #B13204.

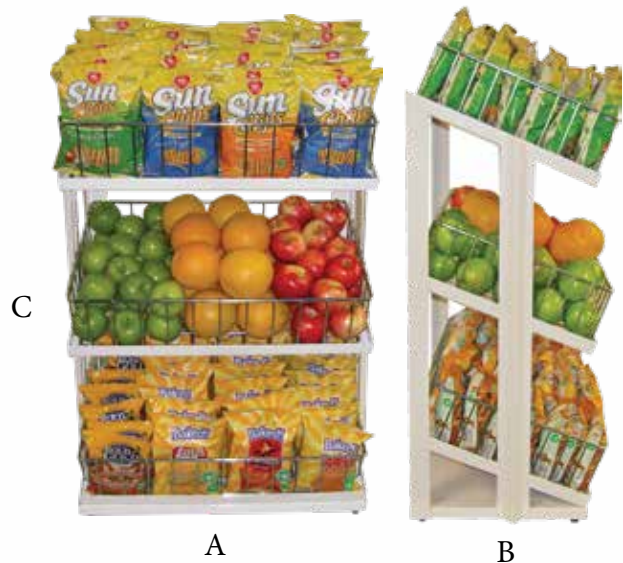

Standard color for the Counter Display Rack is white, with custom colors available.
